# How to make a worksheet to upload to the Internet

1. Make a table in a word processing program (e.g., Word).

|	
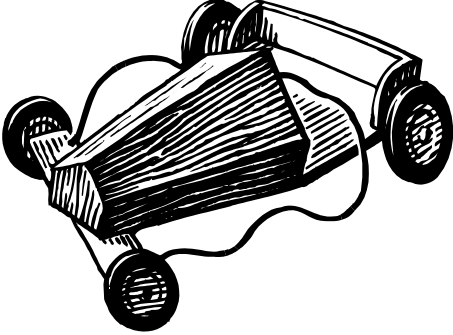

2. Insert the pictures and centre/center them, ensuring they are fully within their individual cells in the table.

etc.

3. Write the captions and centre/center them.

|	
cart	heart
corn	horn
calf	half

cart heart
corn horn
calf half

4. Hide the gridlines and put the table in a box (border).

Use Comic Sans MS or Ayuthaya if you want "a" and not "a".
The captions, cart, heart, corn, etc. are Ayunthaya 14pt, and the images are copyright free clipart.
